**ANSA Introduces Silverline™ Chrome over Stainless Dual Tip**

**Macon, GA** – ANSA Automotive introduces a new Silverline™ Universal StainlessTip designed to enhance the look of any late model performance sports car or light truck. Available with a 3" double wall, slant-cut outlet and a 2 ¼" inlet, this triple chrome-plated tip (Part #TK9004) features a mirror-bright finish and offers maximum corrosion and "blueing" resistance, maintaining a brilliant shine even under the most extreme conditions. With its superior quality and appearance, this Silverline tip can add a touch of elegance to most any vehicle application.
